Dear Fully Virtual 2nd Trimester Student:

The first thing to know is that counselors will be doing individual meetings with any student that received more than 2 Es in the first trimester (hybrid or virtual) within the first month of the second trimester.

You can sign up at the forms below to make an appointment, or watch your email for an appointment time from us. If you do not show up to your scheduled appointment, we will contact your parents for a parent and student meeting.

All students are also welcome to use this form anytime to sign up for non-safety emergencies- we are here to help!

Being a Fully Virtual student requires you to be organized, dedicated and motivated to complete your work daily. Fully Virtual students need to dedicate just as much time to learning **daily** online as a student in a normal school year. **That is a minimum of 5-7 hours of school work each day.**

Please check out the following link for more information on the requirements for being a fully virtual learner. [Plainwell Learning Information and Terms for 2020-2021](#)

**SOME OF YOUR CLASSES ARE LIKELY
SYNCHRONOUS- READ THIS NEXT PART
CAREFULLY!**

[Academic Graduation Requirements:](#)

As a result of a significant number of students struggling, there are now synchronous English, math, Physics A, and Spanish sections. This means that you will likely be enrolled in a class that will have a live instructor you need to Zoom with daily during an assigned class period. **Attendance is taken daily with these classes and you are required to attend.**

There is no "opt" out if you are failing two or more courses and/or failing math and/or English. It will be a requirement - only a parent can request for a student passing classes to opt out, the parent would need to contact the student's counselor before Friday November 20th at 12:00pm

noon for the form. **If your parent already completed this form, it does not need to be done again; if your parent completed the form and your schedule has not been adjusted, we are waiting on your final grades to determine eligibility.**

Please carefully review your schedule on Infinite Campus.
